The villa has a built area of approximately 141 m², distributed over two floors, and offers 3 spacious bedrooms and 3 bathrooms. The ground floor includes a spacious and bright living area with an open-plan kitchen, directly connected to the terrace and garden. A bedroom and bathroom are also located on this floor. Everything is in place for you to start enjoying the property from day one.

All bedrooms feature fully finished built-in wardrobes, and the property also includes a fully equipped indoor storage room with washing machine.

South-west facing garden with heated private pool

One of the absolute highlights of this property is its spacious, south-west facing and low-maintenance garden. Thanks to this excellent orientation, you can make the most of the afternoon and evening sunshine.

At the heart of the garden is a heated private swimming pool measuring 3 × 6 metres, allowing you to swim comfortably during a large part of the year. The terrace has also been extended, providing plenty of space for a lounge area, sun loungers and a large outdoor dining table. Two sun awnings provide welcome shade during the hottest part of the day.

The property overlooks a green park area where no further construction will take place, ensuring that the open views will be preserved. This provides additional peace and a wonderful feeling of space.

Living at Roda Golf & Beach Resort
